

# FUNC FLATSCREEN CH VSTD2

## Double up?

The Func FlatScreen CH VSTD2 is a single solution to two requirements. It is a very functional stand that can hold two screens on the same pillar. Like most of our ceiling brackets the screens can be tilted for the perfect angle. The screens can be swiveled to any point in the room and the length is also adjustable. The cables are discreetly fed through the cylinder. The Func FlatScreen CH VSTD2 is a reliable choice for your heavier screens.

## Special features.

The design of the adapterplate user friendly and easy to mount. The design of the ceilingplate allows you to mount the bracket even if the ceiling is sloping. The SMS FlatScreen H2 Unislide is included in the package.
