eBeam Edge Whiteboard™ turns dry erase marker content into a permanent digital file.

Whiteboards are used for brainstorming sessions and idea generation every day by millions of companies across the globe. However, this content is easily erased, potentially costing your company millions of dollars in lost intellectual property.

eBeam Edge Whiteboard enhances communication and stimulates corporate success by preserving all the content created on company whiteboards. Intellectual property, including brainstorm sessions, diagrams and meeting notes, can be saved, printed or shared allowing for a broader and more impactful exchange of ideas. With eBeam Edge Whiteboard, no one needs to waste time recreating data after a meeting because all whiteboard notes are digitized, providing an archival paper trail. Set up takes minutes and the solution works on any whiteboard.

Capture ideas. Capture collaboration. Capture success.

"We want to be creative and create discussions with our customers. We use eBeam Whiteboard to explain abstract ideas and draw flow chart diagrams."

David Hansson
Systems Programmer

Highlights

Why eBeam Edge Whiteboard?

- Capture data from any whiteboard, making information available for later use

- Use with existing whiteboard equipment

- No projector required

- Portable and easy to use

User Benefits

- Use anywhere - from home office to corporate boardroom

- Provide richer context in discussions with remote workers

- Preserve "on the fly" problem solving, brainstorming and more

Organizational Benefits

- Create an effective global community by collaborating from anywhere, in real time

- Capture knowledge as it is created and eliminate the need to reconstruct crucial whiteboard content

- Save on travel costs

Technical Specifications

Windows®

- XP, Vista, Windows 7

- Pentium IV Processor, 1.4GHz, 1 GB RAM

- 120 MB of available disk space recommended

- CD/DVD ROM drive or Internet connection

- available USB 2.0 port

Macintosh®

- OS 10.5 or higher recommended

- PowerPC/Intel, 400MHz, 1GB RAM

- 120 MB of available disk space recommended

- CD/DVD ROM drive or Internet connection

- available USB 2.0 port

Package Contents

- 1 Edge Receiver

- 4 Marker Sleeves

- 1 Digital Eraser

- 10 lithium batteries

- 4 mounting plates

- 1 package Expo™ markers

- 1 USB cable

- 1 eBeam Shortcut Strip

- eBeam Capture software

Edge Receiver

- weight: 2.6 oz (76 g)

- dimensions: 9 x 2 inches (23 x 5 cm)

- minimum active work area: 17 x 11 inches (43 x 28 cm)

- maximum active work area: 108 x 60 inches (275 x 152 cm)

- tracking technology: ultrasound and infrared

- positional accuracy: +/- 1.5 mm

- connectivity: USB or Bluetooth

Marker Sleeves

- weight: .7 oz (20 g)

- power: 2 lithium coin batteries

- battery life: 80 hours – approximately 1 year of standard use

Warranty

- 3 year limited, extendable to 7 years total*
